DREAMS & GOALS

Jigsaw Jez's Journey

What hopes and dreams do you have for your future?

How do the hopes and dreams of a person from another culture make you feel?

My Thinking Pad

What have I learnt in this puzzle that helps me to reach my dreams and goals?

It feels ....

to have dreams and goals because...

Some young people have more opportunities than others because...

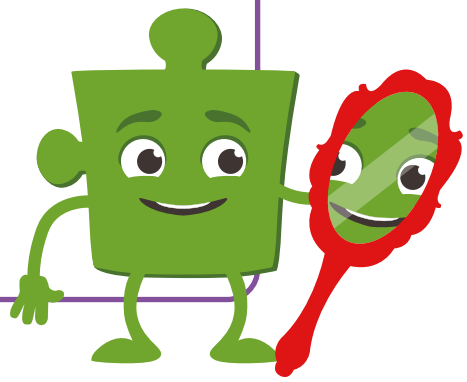

The life chances that some people have compared to others makes me feel...

Looking back at my journey

Something important I learned...

I feel proud that...

A question I still have is...

Can you explain why the hopes, dreams and goals of a person from a different culture might be different from your own?
