

Day	Club	Description
Monday	Arts and Crafts	Each week the children will get the opportunity to take part in a planned activity using a range of materials. This will be including bookmarks, paintings, friendship bracelets, drawing and much more. This gives children a chance to explore different activities and materials as well as developing their fine motor skills.
	Chess	Children will learn the basic rules of chess. They will have the opportunity to problem solve, practice their skills against each other and even make new friends.
	Computing	We will learn a wide range of skills from what's inside a computer to learning a programming language. We will start by learning some basic computer skills, Scratch and Coding in Minecraft.
	Disney	Disney club is arts and craft based around the many famous Disney characters and will be creating artwork, making Micky Mouse Bookmarks, Sporkies as well as other activities, this is a way of expressing your creativity, including our favourite Disney Characters.
	KS1 Football	The Year 1 and 2 football club will help children learn basic football skills and rules of the game. The children will take part in activities to build up their skills and then put these into practice through mini games throughout the weeks of the club.
	Lego	LEGO has many products that directly target specific STEM skills, such as programming and robotics, and even a bucket of random LEGO bricks is a STEM toy. The core skills of STEM are discovery and problem solving, exactly what playing with LEGO teaches a child.
	Mindful Colouring	Mindfulness colouring is a fun mindful activity to relax and lose yourself. This club will give children the opportunity to develop their calming skills and a chance to be creative.
	Netball	Netball is a game in which players pass the ball to their team without it being intercepted by the opposition in order to shoot the ball into the hoop, to score a goal. We will be learning new skills to improve our game resilience and communication. These skills will help us for when we put it into match play. This club is an outdoor club.
	Playdough	A fun club for children to make friends and put their imagination into making different creations, using various play dough tools.
	Spanish	In Spanish club we will aim to learn a new language in an interactive way, through listening to songs, playing games and most importantly, having lots of fun! By rearranging and creating new connections in the brain, language learning can help kids focus more easily and resist distractions, deal better with tasks that require switching from one activity to another
	TTRS	Times Tables Rock Stars is a learning platform where children can practise their times tables like a rock star! Suitable for all learners, our question-based games automatically adapt to each child's unique learning needs, helping them to recall their times tables in record speed.
Tuesday	Computing	We will learn a wide range of skills from what's inside a computer to learning a programming language. We will learn how to make a website with HTML and CSS, Python and coding in Minecraft. This is an amazing opportunity to start learning computer science from a young age.
	Gymnastics	Gymnastics club gives children the opportunity to showcase and enhance their gymnastic skills including balancing, flexibility and body management. Children will have the opportunity to use the equipment and apparatus within the school.
	Just Dance	You best get your dancing shoes ready as this energetic music filled club is sure to get you up on your feet and jumping around. No matter your year group, there will be plenty of dance songs to get you moving and shaking to your favourite songs.

	Karaoke	We will be singing, dancing, performing, having fun and unwinding at the end of our school day. Each child will have the opportunity to show their talent and build confidence in performing in front of the rest or together as a group with the other children. Karaoke can help children show their Feelings and Emotions, improve their memory, socialize and is a great stress reliever.
	STEM	In STEM (science, technology, engineering, maths) club we will be doing creative experiments and projects that will teach real scientific principles in a fun, hands-on way.
Wednesday	Choir	In choir we learn songs as a group in a variety of different genres. Choir helps children boost their confidence as well as gives them the opportunity to make new friends.
	Creative Crafts	Creative Crafts - This is fun way to let your creative side soar! Explore different ways to make various products including picture frames, rockets windmills and much more. Great for building teamwork and resilience.
	German (Linguascope)	Children will build a base to help grow and expand their knowledge in the language through games, songs and interactive activities. Research shows that learning a second language helps boosts problem solving, critical thinking and listening skills, in addition to improving memory, concentration, and the ability to multitask.
	LKS2 Football	Year 3 and 4 football club will develop the core football skills including passing, dribbling, defending and shooting. Whilst also gaining an understanding for the positions on a football pitch and the principles of teamwork. Lace your boots and get ready to play some football. This is an outdoor club.
	TTRS	Times Tables Rock Stars is a learning platform where children can practise their times tables like a rock star! Suitable for all learners, our question-based games automatically adapt to each child's unique learning needs, helping them to recall their times tables in record speed.
	Yoga	Yoga is a wonderful way to help children learn to self-regulate, calm, and soothe. We will be completing activities such as mindful mantras, yoga and positive affirmations.
Thursday	Ball Skills	We will be learning how to make sure we have full control over the ball whether we are throwing it, kicking it or hitting it. This will help with our accuracy and resilience to improve our skills.
	Board Games	There will be a wide range of different games based on turn taking and strategy. There will be games where players will be required to either work as a team or by themselves to win each game. These will teach communication, resilience and reasoning skills.
	Dodgeball	Dodgeball is a game in which players must dodge or catch balls thrown by the opposition whilst attempting to strike their opponents in the same way. This game will develop communication, resilience, and teamwork.
	French	Children will build a base to help grow and expand their knowledge in the language through games, songs and interactive activities. Research shows that learning a second language helps boosts problem solving, critical thinking and listening skills, in addition to improving memory, concentration, and the ability to multitask.
	Knitting	Knitting is a really good activity for using both parts of your brain! It combines mathematics with creativity and can help improve hand eye coordination. We will start with finger knitting before moving on to using knitting needles.
	Puzzle	A relaxing club after school for children to bond and make friends. A wide variety of puzzles to suit all ages will be available. Puzzles are a great way to develop fine motor skills, problem solving and teamwork!

	Science Club	Ignite your child's passion for science with our after-school science club. The club will involve engaging and hands on experiments that will help to develop curiosity, investigative and problem-solving skills.
	Sing and Sign	Children loved signing to Fight club song, in our deaf awareness week, and is exactly what we will be doing in sing and sign club. We will be listening to music, learning the lyrics and the signs for them. It will provide children with an alternative way to make themselves understood and build relationships
	UKS2 Football	This club is for anybody in Year 5 or 6 who is interested in developing their football skills. You do not have to have played before, simply come along and get involved. The club has a friendly and relaxed atmosphere and we typically have a short warm up before playing some matches. This is an outdoor club.
