Head Lice

Dear Parents and Carers,

There has been a report of head lice identified within the Little Acorns. While lice are nothing more than a nuisance, it is important that children are checked on a weekly basis so that any head lice can be dealt with quickly and before they are allowed to spread. We would kindly ask you to check your child's hair tonight to avoid this.

Please follow the simple routine below to ensure you are doing all you can to keep head lice outbreaks to a minimum.

CHECK

- Your child's hair once a week
- Use a proper detection comb to trap head lice
- If you find live lice, consult a pharmacist for treatment advice immediately
- If head lice are spotted, take a close look at the hair in the family

TREAT

- Please treat your child with a clinically proven treatment
- Leave the treatment on for the recommended time for maximum effect
- Repeat the treatment for a second time seven days after the original treatment to kill any eggs that may hatch after the first treatment
- Check that all head lice have gone within two or three days of the final application of head lice treatment to complete the process
- Continue to check for head lice on a weekly basis.

For further information on head lice please see your pharmacist or visit www.nhs.uk/conditions/head-lice.

Yours faithfully,

Mr. Aaron Wanford
Headteacher
