1. INTRODUCTION

A Critical Incident is a sudden crisis or emergency involving the school (in or out of school hours) where the effectiveness of the school response is likely to have a significant impact on the community.

Parents trust schools to keep their children safe and staff work hard to ensure that schools are generally a safe haven. However, schools can find themselves in the middle of a crisis with little or no warning – whether this be a natural disaster such as a fire or flood, an accident which leads to the death of a pupil or member of staff or even a violent incident that threatens the lives of a number of pupils and staff.

Thankfully serious incidents are rare but a serious incident can have a long term impact on a school community. School staff will always be at the forefront of any incident that occurs on, or near, school premises and need to know how to ensure the safety of pupils and themselves.

Good crisis management can save lives, prevent a more minor incident escalating to become critical, protect pupils, staff and witnesses, protect property, protect against litigation, safeguard the reputation of the school and assist in any subsequent investigations.

1.1. AIM OF THE BUSINESS CONTINUITY MANAGEMENT PLAN

The aim of the Business Continuity Management Plan is to ensure staff and students are properly protected and prepared, ensure confidence in the school can be maintained and that normal education process can be restored as quickly as possible. It will enable the school to provide a flexible response to:

- Respond to a disruptive incident (incident management)
- Maintain delivery of critical activities during an incident (business continuity)
- Return to 'business as usual' (recovery and resumption)

1.2. PLAN REMIT

The following school functions are covered by this Plan:

- Teaching
- School administration
- Catering
- Out of hours clubs
- School trips, school journeys and sporting fixtures

The following school premises are covered by this Plan:

- Classrooms
- Playground
- Offices
- Halls, & Shared Spaces
- School Kitchen

1.3. PLAN STORAGE

All parties on the distribution list, are required to safely and confidentially store a copy of this plan at their regular place of work and off-site i.e. at home/ in vehicles (if appropriate) / in grab bags. A copy will also be kept:

- In the Headteacher Office
- In the Main School Office

- In the Emergency Grab Bag
- S:\Policies\C\Non-Statutory

Named individuals should also keep a copy of the plan at home

2. PREPARATION AND CONSIDERATIONS

2.1. PREPARING STAFF FOR A CRITICAL INCIDENT

In order to respond to serious and critical incidents effectively and appropriately, preparation is required. All staff must be trained on the content of the incident plan and their specific responsibilities during an incident. An incident drill needs to be planned and carried out at least once during the school year, including a school 'lock down', a test of site access, evacuation exercise etc.

2.2. PREPARING PUPILS FOR A CRITICAL INCIDENT

It is worth giving some thought to how the topics of loss, bereavement, risks/safety and change are covered in the curriculum. Use can be made of the areas of PSHE, citizenship and circle time. Schools where these topics are discussed openly, and treated as normal life events, are likely to find it easier to cope when a difficult or tragic incident occurs.

The Business Continuity Management Plan also needs to be reviewed with pupils and parents to prepare everyone for a possible incident situation. Pupils need to be trained in how to respond in an incident situation. One of the best ways to teach them is through practice/drills:

- Familiarise pupils with the incident plan and procedures. Remind pupils that it is unlikely we will need to activate the critical incident plan but by practising it we can always be ready just in case.
- Periodically remind pupils of emergency signals and codes so incident situations will be less stressful.
- Remind pupils to remain calm and quiet. Although drills are serious, students should not be frightened.
- Pupils should be reminded that in a lock down situation they are to go to the nearest safe room with a staff member even if that room is not their regular classroom.
- Remind pupils that school is one of the safest places for them to be. It is unlikely that an incident will occur at school but if it does you will be ready.

2.3. ADMINISTRATIVE PROCESSES

Good administrative processes can minimise disruption and speed up access to information in the event of a critical incident:

- Lists of all pupils and staff with next of kin information held on computer and also in hard copy form, both on the school site and at the evacuation site. This information must be updated termly by the office team.
- Photos of children uploaded on the MIS system and printed out on the emergency contact lists.
- Registers should be completed promptly and accurately in the morning and afternoon. Children taken off site should be signed out in a register which will form part of the emergency pack.
- An effective signing in and out procedure for all staff, visitors and volunteers at the school is essential.

2.4. LA SUPPORT

REAch2 Academy Trust is the employer, and ultimately responsible for making suitable arrangements for critical incident planning. The Local Authority can provide administrative support, extra communications facilities (including a public helpline if needed), assistance with dealing with the media, alternative accommodation if the school building is unusable, and help with transportation

and procurement. It can also provide legal advice, and welfare support from the education welfare service and educational psychology service.

2.5. ADDITIONAL PREPARATIONS

To ensure the school is as prepared as possible, the following procedures should be considered:-

Information	<ul style="list-style-type: none"> • Shared guidance with staff and consulted with them on plans • Shared guidance with governors and consulted with them on plans
Communication	<ul style="list-style-type: none"> • Parent contact details checked annually and termly reminders to update details if anything changes (school office) • Texting service • X(FormerlyTwitter)/Facebook feeds • Parents informed of the existence of the Critical Incident Management plan with summary details
Facilities	<ul style="list-style-type: none"> • Installation of secure box system i.e. Gerda premises information box
ICT	<ul style="list-style-type: none"> • Development of the Virtual Learning Environment which can be used to communicate with children, parents and staff in the event of closure or partial closure, post resources and homework and which will also allow children to upload homework for marking • Purchase of classroom observation system that can be utilised for video conferencing and to deliver lessons via the VLE • Investing in software programmes that will allow children at home to actively participate in the web-cast lessons • Remote back-up procedures that can be utilised in the event of major system failure, theft of equipment, closure of the school site or fire/destruction of ICT infrastructure • RAV3 remote access which allows teachers to be able to pick up all planning and files from home so they can plan, and possibly deliver, lessons from home if required

3.0 PLAN ACTIVATION

3.1 CIRCUMSTANCES

This Plan will be activated in response to an incident causing significant disruption to the School, particularly the delivery of key/critical activities. Examples of circumstances triggering activation of this Plan include:

- Loss of key staff or skills e.g. above normal levels of absenteeism due to illness or other scenarios such as severe weather, transport disruption.
- Loss of critical systems e.g. ICT failure, theft, power outage.
- Denial of access, or damage to, facilities e.g. loss of a building through fire or flood or an external emergency with a cordon preventing access to the school.
- A deliberate act of violence or threat of violence such as the use of a knife or firearm, civil disturbances and terrorism.

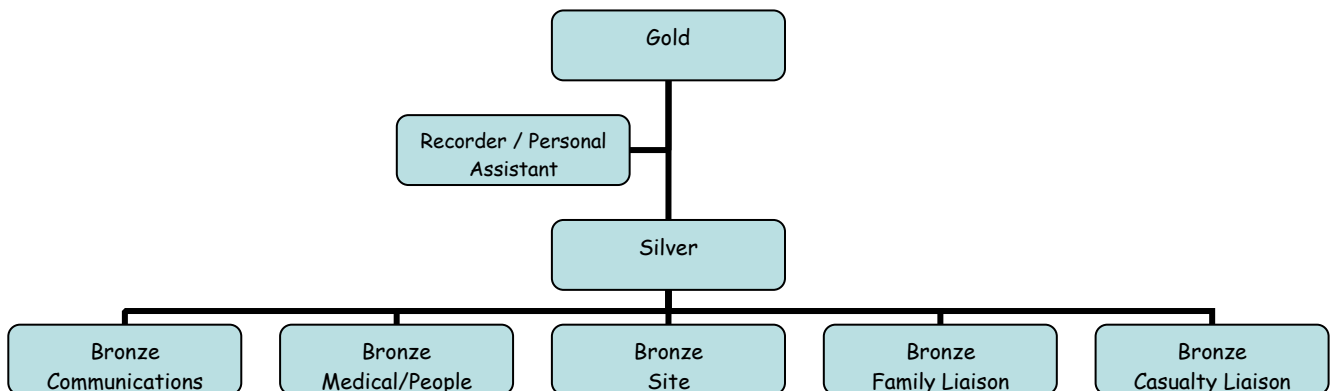

- Pupils and teacher being kept in the school for long periods of time, for example during a lock down.
- Total or significant IT/data loss or failure or theft of equipment.
- A pupil or teacher being taken hostage/missing person/absconder/an abduction.
- A fatality or a medical situation affecting large numbers of pupils or staff (see separate Flu Pandemic Plan).
- Threat of terrorist action or a bomb hoax.
- The death of a pupil or member of staff through natural causes, accidents or criminal action.
- A transport-related accident involving pupils and/or members of staff / Death or injuries on school journeys or excursions.

3.2. ACTIVATION AND INITIAL ACTION

Information about an incident may come from a member of staff, pupil, parent, the emergency services or the Local Authority. Whoever receives the alert should ask for, and if possible record, as much information as possible. They should then immediately inform the Headteacher or the person who has been delegated to perform the “Gold” role in the event of an emergency.

3.3. RESPONSIBILITY FOR PLAN ACTIVATION

A member of the nominated **School Incident Management Team** will normally activate and stand down this Plan. The flowchart listed below details the key roles in a critical incident in school. For incidents off-site, closure in the event of extreme weather conditions, an emergency relating to other services using the site (such as the play scheme) etc the full team is unlikely to need to be mobilised. In this eventuality, the person assuming the “Gold” role will decide which other roles are required.

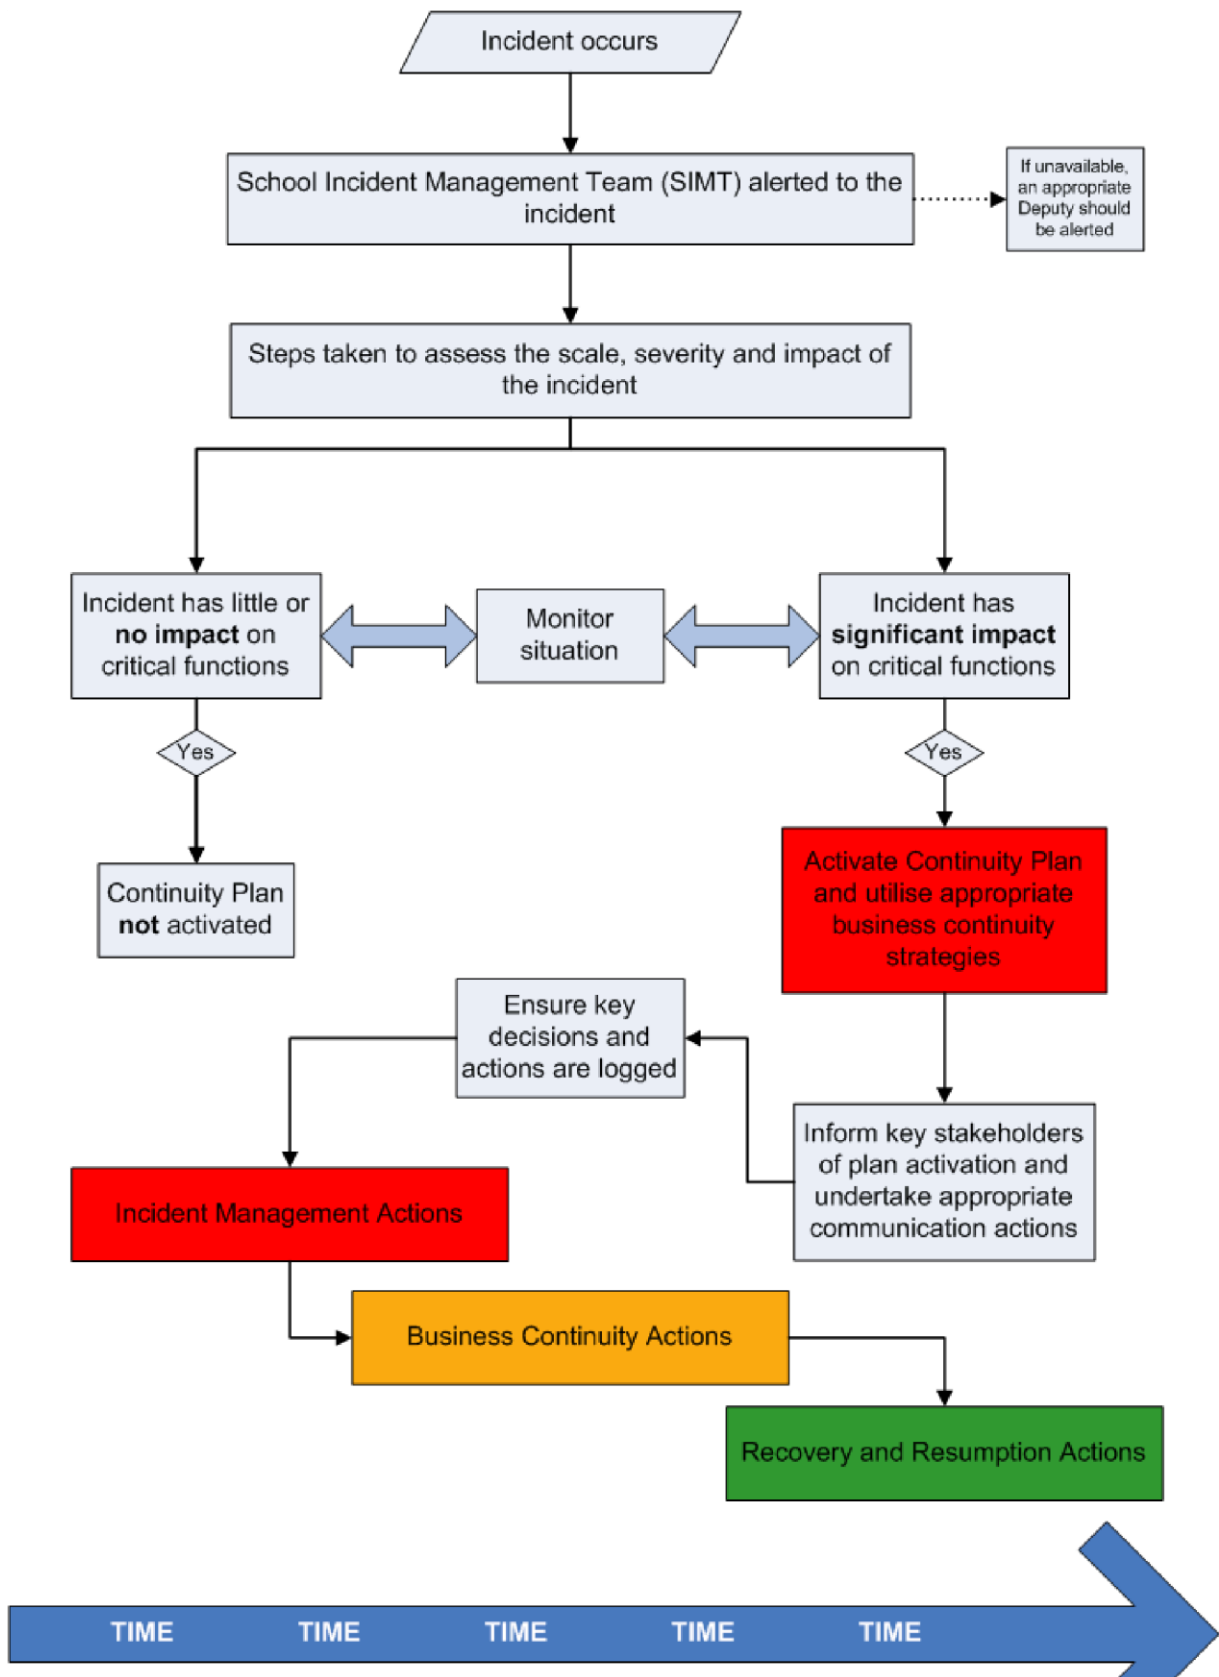

3.4. ESCALATING A SERIOUS INCIDENT

All serious incidents should be reported to REAch2 and to the Local Authority on 01183 589 332

If the incident is deemed to be of a ‘critical’ nature, the “Critical” element of the Business Continuity Management Plan will be activated and other REAch2 and Council Services notified to respond as appropriate.

44.	Collect, organise and document facts, statements and information		<input type="checkbox"/>
45.	Create student release location (at school or evacuation site) if required and allocate staff. Keep a record of all students who are collected, by whom and at what time. Students should not be permitted to check out without parent/guardian permission.		<input type="checkbox"/>
46.	Identify those staff or pupils who are badly affected and who need extra support		<input type="checkbox"/>
47.	Work with Phase Leaders to inform pupils of what is happening and how their parents are being kept informed. Monitor the use of mobile phones to avoid the spread of rumours.		<input type="checkbox"/>
48.	Ensure pupils are kept informed as appropriate to the circumstances of the incident	Consider communication strategies and additional support for pupils with special needs. Consider the notification of pupils not currently in school by text/telephone. Pupils will be communicated to via the SLT and their Class Teachers. When pupils have been dismissed and released from school, they will kept informed via their parents/carers.	<input checked="" type="checkbox"/>

BRONZE (SITE)			
49.	Log all expenditure incurred as a result of the incident	Record all costs incurred as a result of responding to the incident The Financial Expenditure Log can be found in Appendix 11.	<input type="checkbox"/>
50.	Seek specific advice/ inform your Insurance Company as appropriate	Insurance Policy details can be found on the school server SLT drive, via the school/Trusts DFE login and the original certificate in an 'insurance' folder in the main office.	<input type="checkbox"/>
51.	Direct LA team, emergency staff and media to appropriate locations		<input type="checkbox"/>
52.	Work with Bronze (communications) to create press area away from the scene of the incident and ensure media access to site, staff and pupils is controlled		<input type="checkbox"/>
53.	Works with Silver/Bronze (site) to set up private area for parents / relatives of children/staff affected		<input type="checkbox"/>
54.	Prevent unauthorised personnel from entering the school site.		<input type="checkbox"/>
55.	Ensure site is secure and advise on safety issues	Agree arrangements for parents/carers collecting pupils at an appropriate time with Silver and Gold.	<input type="checkbox"/>
BRONZE (MEDICAL)			
56.	Continue to support children with any minor injuries or medical conditions until they are taken to hospital or collected by parents. Liaise with parents regarding further needs (doctor etc)		<input type="checkbox"/>
BRONZE (COMMUNICATIONS)			
57.	Send text messages / emails to parents and advise them of collection arrangements where required		<input type="checkbox"/>
58.	Continue contacting families of those going to hospital or keep in contact with Bronze (Casualty Liaison)		<input type="checkbox"/>
59.	Work with Bronze (site) to create media briefing location		<input type="checkbox"/>
60.	Work with Gold and LA to prepare press & news statements		<input type="checkbox"/>

61.	Prepare updated fact sheets for release by school staff and other persons communicating with parents and the public. Maintain detailed records of the information requested and released		<input type="checkbox"/>
62.	Assist in arranging interviews		<input type="checkbox"/>
63.	Coordinate appropriate media briefings, after liaison with Police, Fire and Ambulance and other incident-related communications and information dissemination.		<input type="checkbox"/>
64.	Organise telephone information line with a brief statement & update website		<input type="checkbox"/>
65.	Communicate the interim arrangements for delivery of critical School activities	Ensure all stakeholders are kept informed of contingency arrangements as appropriate. Consider who needs to know the interim arrangements e.g. key stakeholders, customers, suppliers etc]	<input type="checkbox"/>
BRONZE (FAMILY LIAISON)			
66.	Maintain presence at entrance point to school/evacuation site to reassure parents and children		<input type="checkbox"/>

69.	Hand out parent letters / statements		<input type="checkbox"/>
70.	Assist with calls to parents who have not arrived/have not received messages		<input type="checkbox"/>
BRONZE (CASUALTY LIAISON)			
71.	Coordinate initial school response to victims at hospital. Meet parents / family on arrival		<input type="checkbox"/>
72.	Keep Gold, Silver and Bronze (Communication) up to date with developments		<input type="checkbox"/>
73.	Divert media enquiries to Bronze (communication)		<input type="checkbox"/>

6.0. BUSINESS CONTINUITY

6.1 PURPOSE OF THE BUSINESS CONTINUITY PHASE

The purpose of the business continuity phase of your response is to ensure that critical activities are resumed as quickly as possible and/or continue to be delivered during the disruption. This may involve activation one or more of your business continuity strategies to enable alternative ways of working.

If the school is to be closed for an extended period due to ongoing adverse conditions or local incident, damage to school buildings etc, we still have a responsibility to provide a reasonable level of education for children starting as soon after the incident as possible. The LA may be able to provide a temporary site/sites or it could mean the setting up of a temporary site or provision of education at home via home learning packs or lessons delivered via the VLE. Gold and Silver will liaise with REAch2 and the LA to co-ordinate and agree these efforts based on the resources available and utilising member of the Bronze Team as required for communication and site specific requirements.

During an incident it is unlikely that you will have all of your resources available to you, it is therefore likely that some 'non-critical' activities may need to be suspended at this time.

6.2 BUSINESS CONTINUITY ACTIONS

	ACTION	FUTHER INFO/DETAILS	ACTIONED? (tick/cross as appropriate)
1.	Identify any other stakeholders required to be involved in the Business Continuity response	Depending on the incident, you may need additional/specific input in order to drive the recovery of critical activities, this may require the involvement of external partners	<input type="checkbox"/>
2.	Evaluate the impact of the incident	<p>Take time to understand the impact of the incident on 'business as usual' school activities by communicating with key stakeholders to gather information using The Impact Assessment Form at Appendix 9. Consider the following questions:</p> <ul style="list-style-type: none"> ▪ Which school activities are disrupted? ▪ What is the impact over time if these activities do not continue? ▪ Would the impact be: <ul style="list-style-type: none"> <input type="checkbox"/> manageable? <input type="checkbox"/> disruptive? <input type="checkbox"/> critical? <input type="checkbox"/> Disastrous ▪ What are current staffing levels? ▪ Are there any key milestones or critical activity deadlines approaching? ▪ What are your recovery time objectives? ▪ What resources are required to recover critical activities? 	<input type="checkbox"/>

3.	Plan how critical activities will be maintained, utilising preidentified or new business continuity strategies (See Section 6.3)	Consider: <ul style="list-style-type: none"> ▪ Immediate priorities ▪ Communication strategies ▪ Deployment of resources ▪ Finance ▪ Monitoring the situation ▪ Reporting ▪ Stakeholder engagement Produce an action plan for this phase of response.	<input type="checkbox"/>
4.	Log all decisions and actions, including what you decide not to do and include your decision making rationale	Use the Decision and Action Log to do this. <i>The log template can be found in Appendix 8</i>	<input type="checkbox"/>
5.	Log all financial expenditure incurred	The Financial Expenditure Log can be found in Appendix 11.	<input type="checkbox"/>
6.	Allocate specific roles as necessary	Roles allocated will depend on the nature of the incident and availability of staff	<input type="checkbox"/>
7.	Secure resources to enable critical activities to continue/be recovered	Consider requirements such as staffing, premises, equipment, ICT, welfare issues etc	<input type="checkbox"/>
8.	Deliver appropriate communication actions as required	Ensure methods of communication and key messages are developed as appropriate to the needs of your key stakeholders e.g. staff, parents/carers, governors, suppliers, Local Authority, central Government Agencies etc.	<input type="checkbox"/>

	Arrangements to manage a loss or shortage of staff or skills	Further Information (e.g. Key contacts, details of arrangements, checklists)
1.	Use of temporary staff e.g. supply teachers, office staff etc	
2.	Multi-skilling and cross-training to ensure staff are capable of undertaking different roles and responsibilities, this may involve identifying deputies, job shadowing, succession planning and handover periods for planned (already known) staff absence e.g. maternity leave	
3.	Using different ways of working to allow for reduced workforce, this may include: <ul style="list-style-type: none"> • larger class sizes (subject to adult and child ratios) • use of TAs, LSAs, Student Teachers, Learning Mentors etc • virtual Learning Environment opportunities • pre-prepared educational materials that allow for independent learning • team activities and sports to accommodate larger numbers of pupils at once 	
4.	Suspending 'non-critical' activities and focusing on your priorities	

5.	Using mutual support agreements with other schools	
6.	Ensuring staff management issues are considered i.e. managing attendance policies, job description flexibility and contractual requirements etc	

Arrangements to manage denial of access to your premises or loss of utilities		Further Information (e.g. Key contacts, details of arrangements, checklists)
1.	Using mutual support agreements with other schools	<input type="checkbox"/>
2.	Virtual Learning Environment opportunities	<input type="checkbox"/>
3.	Localising the incident e.g. isolating the problem and utilising different sites or areas within the school premises portfolio	<input type="checkbox"/>
4.	Off-site activities e.g. swimming, physical activities, school trips	<input type="checkbox"/>

Arrangements to manage loss of technology / telephony / data / power		Further Information (e.g. Key contacts, details of arrangements, checklists)
1.	Back-ups of key school data e.g. CD or Memory Stick back-ups, photocopies stored on and off site, mirrored servers etc	<input type="checkbox"/>
2.	Reverting to paper-based systems e.g. paper registers, whiteboards etc	<input type="checkbox"/>
3.	Flexible lesson plans	<input type="checkbox"/>
4.	Emergency generator e.g. Uninterruptible Power Supply (UPS)	<input type="checkbox"/>
5.	Emergency lighting	<input type="checkbox"/>

Arrangements to mitigate the loss of key suppliers, third parties or partners		Further Information (e.g. Key contacts, details of arrangements, checklists)
1.	Pre-identified alternative suppliers	<input type="checkbox"/>
2.	Ensuring all external providers have business continuity plans in place as part of contract terms	<input type="checkbox"/>
3.	Insurance cover	<input type="checkbox"/>
4.	Using mutual support agreements with other schools	<input type="checkbox"/>
5.	Using alternative ways of working to mitigate the loss e.g. suspending activities, adapting to the situation and working around it	<input type="checkbox"/>

7.0 RECOVERY AND RESUMPTION

The purpose of the recovery and resumption phase is to resume 'business as usual' working practices for the school as quickly as possible. When the emergency services have left the school, or in the case of an incident on a school trip, when pupils and staff have returned home and media interest has subsided, the school will need to begin to recover. The school will need to put a recovery plan into place and potentially organise a range of support for staff and pupils. There may be formal inquiries or police investigations continuing for some time after the incident and it will be important to secure the co-operation and support of staff, pupils and parents. Where the impact of the incident is prolonged, 'normal' operations may need to be delivered under new circumstances e.g. from a different location.

	ACTION	FUTHER INFO/DETAILS	ACTIONED? (tick/cross as appropriate)
GOLD			
1.	Agree and plan the actions required to enable recovery and resumption of normal working practices	Agreed actions will be detailed in an action plan and set against timescales with responsibility for completion clearly indicated.	<input type="checkbox"/>
2.	Once recovery and resumption actions are complete, communicate the return to 'business as usual'.	<ul style="list-style-type: none"> Ensure all staff are aware that the Business Continuity Plan is no longer in effect through text messages / calls. Ensure all parents/carers are aware that the Business Continuity Plan is no longer in effect through text messages / letters / Twitter. Ensure all contractors / additional parties are aware that the Business Continuity Plan is now longer in place through text messages / emails / calls. 	<input type="checkbox"/>
3.	Prepare the school for reopening	<ul style="list-style-type: none"> The school may need to be cleaned prior to re-opening and guidance would be sought about the scope of the cleaning required. If the school has been closed suddenly or has been closed for a period of time, it is likely that a deep clean of the kitchens would be required. Again, advice should be sought from the Catering company on the time required. It could be that the school re-opens with only packed lunch options until this work has been completed. Parents need to be notified of the arrangements as soon as the decisions have been finalised. 	<input type="checkbox"/>

4.	Carry out debrief with all staff	<ul style="list-style-type: none"> • A debrief should be conducted to pass key messages and arrangements for returning to learning to staff. This session should give staff the opportunity to emotionally process what has 	<input type="checkbox"/>
5.	Carry out debrief with all staff continued	<p>happened. At this time, you should determine if follow-up counselling, support or further debriefing is needed. Support could include counselling, mentors, marking anniversaries, etc. See Appendix 14 for guidance</p> <ul style="list-style-type: none"> • • Lessons learned should also be captured either as a group or with key individuals to incorporate them onto revisions and training. • Once an incident is over and your immediate recovery needs have been met, be sure to document your observations and actions in a timely and thorough manner. 	
6.	Agree communication with parents	Agree whether letters will be sent home or if parents need to be given the opportunity to come into school for a meeting prior to reopening. See Appendix 7 for guidance	<input type="checkbox"/>
7.	Agree debrief arrangements for pupils (if required)	Arrangements for debriefing pupils should be agreed with staff. See Appendix 13 for guidance on imparting tragic news if required.	<input type="checkbox"/>
8.	Carry out a debrief with all members of the School Incident Management Team	<ul style="list-style-type: none"> • Review this Continuity Plan in light of lessons learned from incident and the response to it. • Implement recommendations for improvement and update this Plan. • Ensure any revised versions of the Plan is read by all members of the School Incident Management Team and Governors. 	<input type="checkbox"/>

APPENDIX 1 – EVACUATION PROCEDURES SCHOOL LOCK DOWN PROCEDURES

In the event of an emergency that requires children to be contained in their classrooms and staff to be aware of an emergency (i.e. incident happening outside the school, violent intruder inside the school grounds etc), then an intermittent whistle and/or siren will be sounded in and around the school premises until all children are safe and contained.

The message must be repeated several times to ensure all classes have heard the message. In these circumstances, children must be contained in the classroom and all external doors locked.

LOCK-DOWN COLLECTION PROCEDURES

As there are a number of exits from the school site (the front doors, playground gates, classroom and library doors), it is possible that children will be released to parents through an alternative exit. If the police agree that this is a safe option, the school communication systems can be used to inform parents of which gate they should make their way to and the Emergency Team will work with the Emergency Services to ensure the safe hand-over of the children. The most likely scenario is that police would check the school register before allowing parents onto the site so they can then collect from the classrooms, with teachers keeping a record of who has been collected, by whom and at what time. However, the School Incident Team will confirm arrangements after consultation with the Police/Emergency services.

EVACUATION

The sound of the fire alarm must be recognized by all on the premises as the signal for immediate and orderly evacuation of all persons, under the supervision of staff. The Fire Brigade are called automatically by the alarm receiving centre. The following orderly evacuation procedures should be followed:-

1. Children to put down their pens & pencils and line up quietly at the door
2. Teachers close windows and doors
3. Teachers to escort the children to the Fire Assembly Point (the MUGA by the playing field) using the nearest fire escape route (details on the classroom fire notice). Teachers should lead the class to the fire escape route to ensure the nearest fire escape route is not blocked or unsafe, giving responsibility to another member of staff or responsible child to close the classroom door.
4. Children to line up in their classes at the fire assembly point, Teachers to do a head count and instruct the children to sit down in their rows once they are happy that all are present.
5. If they are not sure, they should take the register which is stored in the emergency bag

NOTE: Teachers/TAs/Volunteers who have been taking smaller groups of children (i.e. for group sessions or reading practise etc) should do a head count, take the children out into the playground and then dispatch them to stand in their class lines as quickly as possible in preparation for the register to be called.

NOTE: In the event of a fire being raised during the teachers' absence from the class (e.g. during wet play), the responsible adult should escort the children to the nearest fire assembly point and the register called by the playground supervisors/senior leadership team.

Fire Marshalls

The appointed Fire Marshalls must undertake a sweep of their specific areas - quickly and briefly checking toilets, cloakroom areas and classrooms to ensure the whole school has been evacuated.

Fire Marshalls should NOT put themselves in danger at any time. NOTE: If Fire Marshalls are teaching small groups of children when the alarm sounds, getting these children out of the building should take priority over the role of Fire Marshall – unless it is easy to get them to rejoin their class without delaying their exit from the building.

Office

The Office are responsible for ensuring all visitors and volunteers sign in each day and for printing out the fire drill registers daily when the registers have been completed. They are also responsible for bringing out the Emergency Bag – see Appendix 2 for the content list.

OFFSITE EVACUATION

If there are any concerns about the safety of children evacuating to the normal assembly point (ie fire is causing windows to blow out into the playground, heat etc) – the children will be evacuated via an alternative route which will be the EYFS outdoor area. If it is necessary to evacuate the school completely, arrangements have been made with a nearby school where pupils can be safely held. (Aylesbury Vale Primary Academy) .Pupil details should be held there so that parents/carers can be contacted to come and collect the children.

All members of the School Emergency Team need to have the relevant numbers for the alternative school programmed into their mobile phones (01296 674263) and details are also included in the emergency pack.

Bronze (site) will be responsible for co-ordinating the emergency services and ensuring the security of the site. Bronze (communications) will be responsible for preparing signs to advise parents where to collect their children from (including map where appropriate).

APPENDIX 2: ITEMS TO BE TAKEN OUT OF SCHOOL

In the event of an emergency evacuation, the following materials will be taken out of the school by the office team:-

Section	Details
Attendance registers	<ul style="list-style-type: none"> • Visitors book (Inventry Anywhere app) • Signing in / out book (Inventry Anywhere app) • Pupil registers • Adult register • Class emergency signs (red/green) • Laminated plan of the school
Incident Management Plan	Incident Management Plan
	Contact details, including: <ul style="list-style-type: none"> • Governors contact details • Staff contact details with emergency contacts & medical information • Pupil contact details • Key Contacts List - REAch2, LA contacts, Key Suppliers, External Agencies
IT / Equipment Information	Log in details for essential IT applications e.g. Corero, Arbor
Grab Bag Containing	First Aid Kit
	Portable radio (plus spare batteries)
	Wind up LED torches x 3
	Fire Marshall Jackets
	Stationery including permanent markers, clipboards, pens, blue-tack, pins, pencils and notebook paper
	Camera (or phone with camera)
	Hazard barrier tape
	Contact details for taxi / transport providers
	School Floor Plans
	Clipboards
	Whistles x 3
	School floor plans showing location of potential hazards such as, flammable materials & water points, gas meters
	Thermal Foil Blankets
Large first aid kit including disposable latex gloves	
Instant ice packs	
Signage	Pre-prepared signs

Senior Leadership Team members should also have copies of the pupil, staff, volunteer/governor details and emergency contact list in a shortened version of the Emergency Pack at home which they can utilise in the event of the decision being made to close the school overnight or during the weekend. These packs should be updated at the start of each term and updated versions of the pupil and staff lists passed on to the SLT members by the office team.

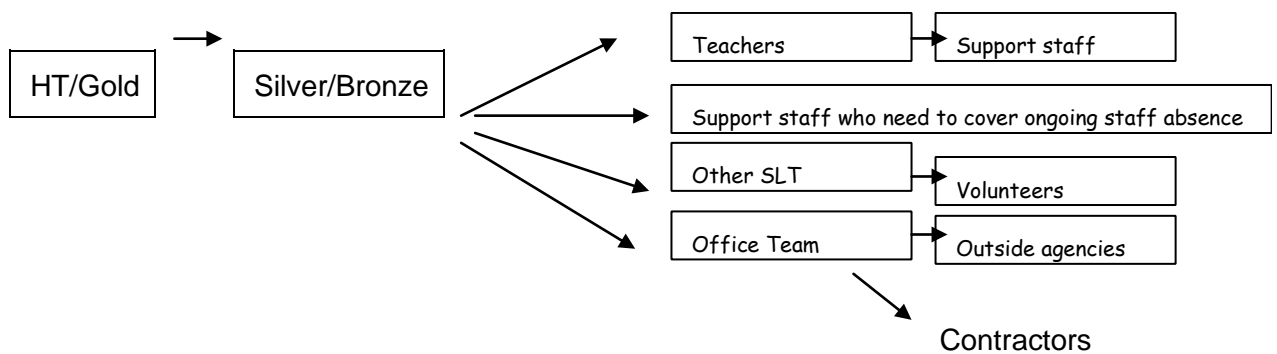

APPENDIX 3 – SCHOOL CLOSURE DUE TO ADVERSE WEATHER CONDITIONS, NATURAL DISASTER OR PREMISES FAILURE

DECISION BEFORE SCHOOL OPENS

In the event that the school needs to be closed before the children are on site, the following procedures will be followed:-

1. Gold to inform SLT
2. Silver to disseminate information to staff (see Communication Tree below)
3. Bronze (site) to liaise with office team to send texts to parents & staff.
4. Bronze (Communication) to post signs on school gates informing parents about any classes that will be closed and advising when further information will be handed out to avoid phone system being deluged (i.e. texts will be sent this afternoon with further details)
5. Recorded message to be set up on phone system by the office team (or Bronze site) for parents phoning in
6. Bronze (Family Liaison) out on gate to meet parents and explain decision. Any unaccompanied children who still arrive at school despite the class closure to be placed in another class whilst they are waiting for collection. Office to be given list so they can call parents.
7. Gold to inform LA and Reach2 of closure and details of sickness levels reported if required.
8. Bronze (site) to call caterers, cleaners, extended services, after school club and any volunteers and other agencies/workers who are due to be working with the class.
9. Bronze (media) to prepare follow-up email, text and gate message to be prepared ready to send out by the end of school.

APPENDIX 5 – BOMB THREAT PROMPT CARD

If you take a telephone call from someone who claims to have information about a bomb:

<p>1. Stay calm</p>
<p>2. Let them finish the message without interruption. Try to record EXACTLY what they say, especially any codeword they might give.</p>
<p>1. Make a note of:</p> <ul style="list-style-type: none">• the exact time of the call• the caller's sex and approximate age• any accent the person has, or any distinguishing feature about their voice eg speech impediment, state of drunkenness etc.• any distinguishable background noise.
<p>2. When they have finished the message, try to ask as many of the following questions as you can, being cautious to avoid provoking the caller:</p> <ul style="list-style-type: none">• Where is the bomb?• What time is it due to go off?• What kind of bomb is it?• What does it look like?• What will cause it to explode?• Why are you doing this?• What is your name?• What is your address?• What is your telephone number?
<p>5. Dial 1471 - you may get the details of where the phone call was made from, especially in the case of a hoax caller.</p>
<p>6. Report the call to the police and the headteacher/nominated deputy immediately. In the extremely unlikely event that there was a codeword with the message, and the location of the bomb was given as a location other than the school, follow the same procedure – report the call immediately to the police, and then notify the headteacher.</p>

APPENDIX 6 – SAMPLE LETTER INFORMING PARENTS

Dear Parents / Carers,

You may have heard / It is with great sadness and regret that I have to inform you

(known facts of the incident)

As a school community, we are all deeply affected by this tragedy / I am sure you will wish to join me and my staff in offering our condolences and sympathy to those affected / to

(refer to individuals / families affected only where it is appropriate to release this information)

I have now spoken to all pupils and staff in school about what has happened and you will need to be aware of the following arrangements that we have now made:-

Details about:

School closure

Changes to timings of the school day

Lunch time arrangements

Changes to staffing

Arrangements for specific year groups / classes

Counselling support

Provision of further information as relevant

(If appropriate, advice about media contacts)

I think it is very important that we all take the time to talk with and reassure children about what has happened. It is likely to be a very difficult time for us as a school community and we will all need to support each other.

We appreciate the expressions of concern we have received, however, it would be helpful if parents do not telephone the school during this time so we can keep phones and staff free to manage the situation. I can assure you that we will keep you regularly informed and fully up to date with any developments.

Yours sincerely,

Headteacher

APPENDIX 10 – COMMUNICATIONS AND IMPARTING TRAGIC NEWS

COMMUNICATIONS - INTERNAL

Rumours spread quickly within a school community, and can cause great distress in a crisis situation. The best way of preventing rumours is to inform people quickly, simply and factually. Give pupils, staff, governors and parents accurate, up-to-date information, update them at regular intervals, and encourage them not to speculate or to encourage rumours. Pupils should be informed in small groups where possible. It is imperative that a brief letter that contains general facts about the incident be prepared and released as soon as possible to students, parents and staff members prior to the end of the school day. The letter should be reviewed with REAch2, the school's legal team and the Director of the LA Incident Team.

COMMUNICATIONS – PARENTS/STAFF RELATIVES

Communications systems are put under enormous pressure in the immediate aftermath of an emergency, but are vital to ensuring a well-managed response. Bronze (Communications) is the pivotal role in managing this situation and an early decision should be made with Gold and Silver about how to inform parents - bear in mind the speed with which rumours circulate. It is helpful to write a one-paragraph statement to be read to parents and others.

A text message should be sent to parents (providing the IT systems are accessible) .There are some parents who we will not be able to contact by text message so follow up calls may still be required.

It is likely that the incident will create a very high volume of calls, or interest from the wider public, the LA may be able to assist by setting up a public helpline to relieve the pressure on the school, or calls can be redirected to the main switchboard if they will agree to handle incoming calls. This can be requested as part of your call for assistance.

Remember, in the case of a fatal incident, the police will normally inform the parents of the child or children involved.

Bronze (Communications) can also ask the LA press office to communicate local radio stations or make contact directly. Signs should be posted on the school gates (with a map where suitable) detailing the location of the evacuation site informing parents who have not got the message where the children are. In the event that parents need to be called to chase up parents who are late, the school mobile phones/phones at the emergency site should be used rather than personal phones.

MEDIA MANAGEMENT

It may be worth setting up a designated press area away from the school and giving the press a time and location for a press conference. The first priority is the safety of students and staff. The news media can be accommodated later at our convenience. The letter that has been prepared for pupils, parents and staff may also be read at the press conference as part of the media response. In the most serious cases, the police are likely to take the lead when dealing with the press, and to offer some protection against media intrusion.

Media and third party enquiries must be routed to Bronze (communications) who should brief all staff likely to receive calls. **On no account should unauthorised persons speak to the media other than to help re-route calls.**

Bronze (communications) will be asked to provide:

- Regularly updated holding statements for the press, members of the public, and parents.

- Status update statements for press, Chair of Governors and parents.
- Briefing and support for Heads and Chair of Governors prior to Press interviews and statements.
- Briefing and support for Staff answering telephone enquiries and setting answer phone messages.
- Press only telephone lines, should it become necessary.
- Liaison with all Emergency Services' Press Offices.
- Liaison with Local Borough Press Offices and the Press Offices of other partner agencies.
- Formal responsibility for emergency communication with the media and monitoring media broadcasts.

MEDIA INTERVIEWS

The decision regarding who should conduct interviews / deliver press statements should be discussed with Gold and the REAch2 and LA Management Team. However, if it has been decided that "Gold" will act as the school spokesperson, the following guidelines should be followed:-

- Have another person with you, if possible, to monitor the interview.
- If possible, agree an interview format i.e. establish what the interviewer wants to ask.
- Be prepared to think on your feet, but try to decide beforehand what you want to say. Do not read it out.
- Remember you could be quoted on anything you say to a journalist, even if it is not part of the formal interview.
- Be prepared to say you cannot comment.
- Don't over-elaborate your answers.
- Refuse requests for photos or schoolwork of children/staff involved.
- Try to keep a grip on your emotions during interviews-especially if it is TV.
- Most journalists are responsible, but check where interview/camera team go, when interview is over.

IMPARTING TRAGIC NEWS

Pupils should be told simply and truthfully what has happened, in small groups where possible (i.e. class, year group etc). In some circumstances, it may be appropriate to bring pupils together as a whole school. Where this is the arrangement, ensure pupils have an opportunity to ask questions and talk through what they have heard with class teachers/other staff in smaller groups afterwards.

- Begin by preparing pupils for some very difficult / sad news
- Avoid using euphemisms, use words like "dead" and "died"
- Pass on facts only, do not speculate on causes or consequences
- If questions cannot be answered this should be acknowledged
- Address and deal with rumours
- Try to give expression to the emotions of shock/disbelief that pupils are experiencing and explain that strong and difficult feelings are a normal part of the process of coming to terms with this sort of experience
- Do not refrain from referring to the deceased by name, perhaps highlighting some of the positive aspects of their lives
- Explain what arrangements the school has in hand for coming to terms with what has happened

FUNERALS AND MEMORIAL SERVICES

The Headteacher should liaise with parents / families regarding funeral plans and write to the bereaved parents / families on behalf of the school. If tributes are left at the school, (flowers and other tributes), a member of the Senior Leadership Team should arrange to visit the family to deliver these tributes if this is acceptable to the family. A condolence book may also be set up and the

children given “cards” to stick in (office to mail-merge children’s names & class names onto the paper).

If appropriate, the school may also write to other parents (see sample letter). There is often a feeling from parents that they want to make a donation. This should be arranged so that flowers can be sent to the service. It might be appropriate to buy a bench, plant a tree etc, at a later date. Planning a memorial, a special assembly or celebration of the person’s life may help the whole school community.

APPENDIX 11 - POST INCIDENT CARE

Post-incident care aimed at helping individuals to understand their feelings following the emergency can be requested from the LA / external providers if required to reduce the possibility of pupils/staff developing post-traumatic stress disorder.

ASSESSMENT OF VULNERABLE INDIVIDUALS

Different children (and staff) will require different levels of support and this will depend on a number of different factors. The following chart should be used to identify the individuals who may be most vulnerable, placing individuals within each circle and colour coding (green: low risk; yellow: medium risk; red: high risk) according to the following criteria and degree of concern:-

- At greatest risk as they were directly affected by the incident
- Siblings/relations
- Close friendships
- Any perceived culpability/responsibility
- Being blamed or made a scapegoat
- Displaying emotional distress
- Previous bereavement/trauma
- Pre-existing emotional health issues
- Pre-existing home instability/stress
- Culture/language issues

CLASS SUPPORT

Class teachers have a vital role to play in supporting children in the aftermath of a major incident. Make opportunities to talk to the children on an individual or small group basis as part of your social contact with the children. Even if the children are not very communicative, just being available can

be very supportive. Be aware of children in your class who may not be as visible as others but who are struggling to cope. Make times and opportunities for them to talk.

POSSIBLE REACTIONS

A crisis may cause different reactions in different children in different ways. Some of the more common reactions include:

Physical

- Wetting / soiling
- Disturbed sleep
- Lack of energy, listlessness
- Changes in appetite
- Headaches, tummy upsets, muscle aches

POSSIBLE REACTIONS continued

Cognitive

- Difficulties in concentrating, increased distractibility
- Loss of previously acquired skills
- Being more accident prone
- Reduced interest in activities
- Appearing preoccupied

Emotional / Behavioural

- Numbness
- Irritability, anger, aggressive behaviour
- Nervousness, panic attacks
- Raised levels of anxiety
- Feeling overwhelmed / confused
- Clinging behaviour
- Regression of behaviour
- Repetitive acting out
- Mood swings, crying

If you have concerns about particular children, discuss these concerns with a member of the Senior Leadership Team so consideration can be given to the pastoral care that can be offered in school and the possibility of outside agency referrals considered.

Where the pupil is experiencing persistent and intrusive thoughts, dreams or flashbacks and a range of the physical, cognitive and emotional/behavioural symptoms described above for at least 1 month, then serious consideration should be given to accessing specialist child mental health services. A referral to CAMHS can be discussed with the school EP. Parents may also wish to discuss the difficulties with their GP so their GP can also consider whether a referral to CAMHS is appropriate.

INDIVIDUAL PASTORAL SUPPORT

You may be asked to offer pastoral support to individual children if you have a strong bond with them or particular skills in this area, or if the child has started to open up to you. It is important to make sure you have some clearly defined strategies when undertaking this role and ensure you do

not underestimate the demands and strain. Ensure you have the opportunity to talk through any form of support that you provide with a trusted colleague.

- Be accepting and allow the pupil to express their emotions. Ask open-ended questions (e.g. “How are you today?”) or just sit with them if you feel this is appropriate. Avoid touching or hugging but try to be as natural and unembarrassed as possible. Have some tissues to hand. It might be appropriate to use reflective listening (i.e. repeating back to the child what they have said). Sometimes it is helpful to give a name to the emotion you are hearing being expressed (e.g. “That sounds very sad”, “Did you feel angry then?” etc).
- You might have to explain your limits of confidentiality – i.e. confidentiality can be maintained except where you believe the pupil is at risk or there are issues relating to a possible criminal act.
- Don’t forget that knowing what to say is far less important than being able to listen in a sympathetic and supportive manner.
- If it seems appropriate to offer advice, then strategies you might want to suggest could include:
 - Talking to their friends and family
 - Crying and expressing their emotions in a suitable, safe context
 - Eating normally & doing some physical exercise
 - Maintaining normal sleep patterns
 - Listening and playing music or being creative through art, drama, music etc
 - Carrying on seeing and playing with friends
- As part of such sensitive support, it will be important to ensure that the pupil can continue to seek support from you but without them becoming dependent. If appropriate agree a set number of sessions at a set time and place where you can be confident of not being disturbed (in terms of your own safety and accountability, ensure that parents and relevant staff are aware of such arrangements)
- Using a visual aid such as an outline of a hand, ask the pupils to identify 5 individuals (e.g staff, peers, family, other adults) who they feel they could approach as part of their support network to help them feel safe. Ask them to test it out.
- Liaise with parents and carers as appropriate
- Consider liaising with colleagues to differentiate work outcomes / homework etc or arrangements for managing the pupil’s emotional distress in class

ONGOING SUPPORT

The impact of some incidents can continue for years, so thought may need to be given to ongoing identification and support measures for both staff and pupils who are affected.

Remember that legal processes, enquiries and news stories may bring back distressing memories and cause upset within the school. Remember also that holidays, Christmas, birthdays and the anniversary of the event can mark points of particular emotional vulnerability.

It is also important to make new staff aware of which pupils were involved and how they were affected so teachers and support staff have the knowledge they need to support pupils.
